CHAIRPERSON'S REPORT

I welcome you all to the Warrnambool & District Cricket Association's Annual General Meeting which concludes season 2023/24 and commences season 2024/25.

My annual chairperson's report contains the summary of the highlights of the season past and a taste of what we are to expect with the new and exciting programs for the upcoming cricket season.

This past season commenced as planned as we were able to implement and execute our objective to introduce the three-tiered playing competition structure with one day matches scheduled during the early part of the season, the T20 standalone Competition in December/January and the much-anticipated two-day red ball cricket contests after Christmas leading into the six team two day finals series for Divisions one and two.

Due to the evenness of the respective competitions it was rewarding to note that twelve member clubs earned the right to play off in the various level final series, which is a great outcome for our local clubs.

On the playing arena, congratulations to the four senior mens teams who achieved the ultimate accolade: premiership honours. They were:

- Allansford-Panmure (Sungold Division 1)
- Hawkesdale (The Standard Division 2)
- Noorat Terang (Kookaburra Division 3)
- Northern Raiders (Moyne Shire Division 4)

Well done to all of these clubs on their outstanding performances. There was also the memorable BeyondBank Women's grand final between the Brierly-Christ Church/Northern Raiders combination and Allansford-Panmure at the Reid Oval which drew a great crowd. They were treated to a spectacle and the standard of play of the highest order.

CHAIRPERSON'S REPORT

The victory came to Brierly-Christ Church/Northern Raiders under coach Matt Macleod and captain Carly Mittermair. Our Director of Women's Cricket, Hannah Meates, commented and in most fitting words: "Brierly was triumphant in a nail biting end, chasing down Allansford-Panmure with 5 balls to go in front of a large enthusiastic crowd at the Reid Oval."

Thanks to all clubs who were assigned finals matches. The venues had been well prepared and the facilities in first class order and it was very clear that all clubs did everything they could to showcase their club.

The membership of the association continues to grow with new clubs seeking to affiliate and existing clubs entering additional teams.

Currently the association comprises of 18 member clubs, 52 senior men's teams, 59 junior boys teams ranging from Under 17 to Under 11 boys and 20 female teams across women's, under 17 and under 14 girls. The merged Noorat and Terang Cricket clubs were the latest addition to the association being admitted prior to the season and had no difficulty finding their status in the competition.

During the season the Warrnambool Mazda T20 Cup standalone competition pool matches were played but unfortunately inclement weather intervened on the Finals day which caused the cancellation of the final on the Sunday night under the lights.

Both qualifying teams Allansford-Panmure and Dennington were then able to proceed and participate in the Sungold T20 Cup competition held on Australia Day.

Once again, we sincerely thank Warrnambool Mazda through Josh Dwyer and Sungold through Ross McKean for their strong support of the Association in the promotion of Twenty20 Cricket.

Their involvement enables the Association to provide cricket playing opportunities in this short form of the game. The overall winner of the Sungold T20 Competition this season was the Tyrendarra Cricket Club.

CHAIRPERSON'S REPORT

The WDCA Senior Presentation Night was held at the Warrnambool Bowls Club, being very well attended.

This year with reduced numbers we were able to accommodate all clubs in the one room and introduced the live streaming of the evening for others who were unable to attend.

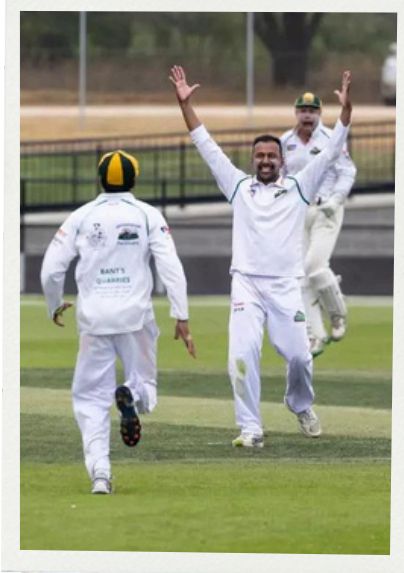

Thanks to Matt Colla from the now Warrnambool Cricket Club for his assistance and technical support to ensure this concept succeeded. Prior to this event, the junior boys and girls presentation was separately conducted in an adjoining room. This was also very well attended. Thanks to Tim and the Warrnambool Bowls Club for their support and co-operation in the smooth running of this evening.

At the presentation Night players and clubs were recognised and rewarded for their high achievements throughout the season. Special award recognition was also announced naming the recipients of the Rodger Henderson Club Service Award, the Ray Drew Most Valuable Representative Player Award and the Glenn Kelson Golden Gloves Award. A full and detailed list of the award winners for season 2023/24 can be found in the latter pages of this Annual Report document.

“

The membership of the association continues to grow with new clubs seeking to affiliate and existing clubs entering additional teams.

GORDON MCLEOD

CHAIRPERSON'S REPORT

Representative level cricket continues to be an important focus of the Association, in allowing and providing opportunity for players to represent it and play against other Association at the highest possible level.

After our victory in Division 2 at Melbourne Country Week last season we earned the right to compete in the Provincial grade. Our aim this season was to be competitive and above all maintain our position in this top grade.

We took in February to Melbourne Country Week a quality, versatile and committed group of players.

Many thanks to Jason Mungean (coach), Glenn Mansbridge (manager) and the captain Cameron Williams and other team leaders in preparing for the task ahead.

Coming home with a victory on day 4 against the Mornington Peninsula Association certainly secured our Provincial place next seasons competition. Jason Mungean has provided a Representative Cricket report for this Annual report.

Our WDCA Women Representative Team had mixed success being firstly outplayed by the Hamilton Cricket Association Women in February. However, our team bounced back with a vengeance in a game against Colac Women later in the season to win that game in a convincing manner.

A big thank you to all players who played in the two Women's Representative matches.

These games demonstrated that our Women's Cricket standards are markedly increasing and we can be competitive with the best.

Special thanks to the coach of the team Jason Elliott for his leadership and planning, enthusiasm and management of the team and to Hannah Meates as a player and organiser of the important administrative off field tasks.

CHAIRPERSON'S REPORT

The WDCA fielded three junior teams at Girls Country Week at Hamilton in January, 2024. The Under 14 girls team winning the title against formidable Geelong combination. A big thank you to Tara Elliott and Gabby Lenehan for leading and guiding these young girls to success at Hamilton.

Congratulations also to our Under 18 Girls team who were dominant at Hamilton Country Week going through the carnival undefeated and being victors over the Ballarat Cricket Association in the Final.

Thanks to Jacoba Mungean for her success and work in co-ordinating and coaching this team. Our under 16 girls team were competitive but did not have the success of the other groups. Many thanks however goes to Ingrid Bellman for her commitment to coach this Association junior team at the representative cricket level.

The achievements of our Junior boys teams at the various local Country Weeks this season was again exceptional. The WDCA Blue team was successful at the Warrnambool Under 17 Country Week playing Horsham in the final under the leadership of Matt Noonan and Tom Powell from the Nestles Cricket Club, and the Blue Team at Portland Under 13 Country Week led by Rodney Roberts from the Brierly-Christ Church Club. Our Under 15 Gold team was runners up at Horsham Country Week beaten by a strong Mt Gambier outfit.

Thanks to Jason and Norm Mungean who once again took up the coaching roles at Horsham and did a splendid job. Thanks also to the many parents who willingly assisted and supported the coaches throughout the week.

I wish to recognise our newly appointed Director of Junior Coaching, Declan Bourke for his co-ordination of the six Country Week boys teams and his involvement with the selected coaches of the Country Week teams.

The Board sincerely thanks all of the coaches who undertook the coaching responsibility and in ensuring that the experience playing Country Week for the team players remained a memorable one.

CHAIRPERSON'S REPORT

The association continues to maintain strong junior numbers. This season in the boys competitions there were 9 teams in Under 17's Under 15's 13 teams, under 13's, 17 teams and the under 11's, 20 teams. In the Girls competitions there were 6 Under 17 teams and 8 under 14 girls teams.

The value of our Junior Development Coaching program commenced back in 2011 continues to serve us well and this will continue again this season from August/September ,2024 for both Under 13 boys and Under 14 girls leading into season 2024/25. Coaches and selectees to attend will be announced shortly.

I now make special mention of the outstanding efforts and dedication of our diligent General Manager, Nick Ansell.

It has been a difficult year administratively for him working through change with unforeseen challenges that confronted us all. None so large as the introduction and implementation of PlayHQ.

Nick's many hours of dedication and attention to detail has allowed us all to become familiar with and able to effectively utilise with some confidence the new Competition Management Platform.

I say thanks to all Club administrators for their underlying co-operation, understanding and acceptance in taking on this new challenge and making it work. I am sure once the system is bedded in our administrative life will be much simpler.

Nick has now developed a very clear and detailed understanding of the Operations of the WDCA having become accustomed in the role as General Manager for a full twelve months period.

I am sure you will agree that he has become a valuable resource and contact for us all.

CHAIRPERSON'S REPORT

Throughout the year significant planning has been undertaken by Terry O'Keefe and his committee team to capture the history of this association from the almost 100 years from inception. The overall aim of the planning team is to celebrate the Associations centennial lifetime in the latter part of the 2024/25 cricket season.

This sub-committee has and continues to work tirelessly in its endeavours to seek out information, documentation and other historical artefacts which are spread far and wide.

I know many of the clubs have been contacted and contributed and assisted with valuable archival material. Terry and his team are very appreciative of that. The intention is that a significant event will be held in the latter part of the season to celebrate this momentous occasion: A century of cricket in the Warrnambool region.

During the season past South West Sport were engaged by the WDCA to facilitate a five year Strategic Plan for the Association. As change is in our midst, it was important that we sought guidance and gain input from our stakeholders about the direction we should take and this occurred in August 2023 through the advent of a Strategic Plan forum.

South West Sport have now collected all data and analysed it and after consultation with the WDCA Board have developed a vision for the Association for the future.

The Association's Vision statement, Mission and Values has been revisited to reflect the present and future cricketing environment. Four Key Pillars stood out from the data collected being the topics: **Leadership, Communication, Sustainability and Competition.**

The restructuring of the competition and playing structure models for Mens Cricket is being worked through and with the introduction of a player points system these are just some initial steps being implemented.

Others aims will be phased in a timely manner over the lifetime of this Strategic Plan.

CHAIRPERSON'S REPORT

Throughout the year significant planning has been undertaken by Terry O'Keefe and his committee team to capture the history of this association from the almost 100 years from inception. The overall aim of the planning team is to celebrate the Associations centennial lifetime in the latter part of the 2024/25 cricket season.

This sub-committee has and continues to work tirelessly in its endeavours to seek out information, documentation and other historical artefacts which are spread far and wide.

I know many of the clubs have been contacted and contributed and assisted with valuable archival material. Terry and his team are very appreciative of that. The intention is that a significant event will be held in the latter part of the season to celebrate this momentous occasion: A century of cricket in the Warrnambool region.

During the season past South West Sport were engaged by the WDCA to facilitate a five year Strategic Plan for the Association. As change is in our midst, it was important that we sought guidance and gain input from our stakeholders about the direction we should take and this occurred in August 2023 through the advent of a Strategic Plan forum.

South West Sport have now collected all data and analysed it and after consultation with the WDCA Board have developed a vision for the Association for the future.

The Association's Vision statement, Mission and Values has been revisited to reflect the present and future cricketing environment. Four Key Pillars stood out from the data collected being the topics: **Leadership, Communication, Sustainability and Competition.**

The restructuring of the competition and playing structure models for Mens Cricket is being worked through and with the introduction of a player points system these are just some initial steps being implemented.

Others aims will be phased in a timely manner over the lifetime of this Strategic Plan.

CHAIRPERSON'S REPORT

A Strategic Plan document is being developed and will be distributed to all member clubs during the coming season as a blueprint for our future development.

The WDCA acknowledges the efforts of the WCUA through President Ashley Jennings, Secretary/Treasurer Paul Dobson and ISP representative and Board Member Andrew Bridge.

Thanks also to the Chairman of the Independent Selection Panel (ISP), Justin Balmer for his dedication to the task of ensuring as many games on Saturday and Sunday have appointed umpires.

Umpire numbers remain at a critical low level so more recruits are sought to bolster the numbers to help ease the burden on the current umpires and the clubs.

On behalf of the association I take the opportunity to thank our loyal major sponsors (Saputo) Sungold Milk, Kookaburra, Moyne Shire and Warrnambool Mazda for their valued contribution and support of community cricket.

Thanks also to the many other sponsors who have made a financial contribution to cricket. To The Standard and Ace Radio (3YB) for their promotion of local cricket through their media outlets, this has been invaluable.

Thanks also to our new sponsor this season - Beyond Bank - through Grant Howland, the Community Development Manager, for their generous sponsorship and commitment to Women's Cricket and Girls Cricket in the association for the next three years.

To all Board Members and to Club Presidents and others who have assisted the Board with important administrative support tasks, your volunteerism efforts cannot be under-estimated. Cricket management now has become a twelve month's long operation with the complexity of managing new systems and dealing with the ever-changing cricket environment.

CHAIRPERSON'S REPORT

With this in mind I say a special thanks to my vice-presidents Bruce Membrey and Terry O'Keefe for their commitment at executive level and to all remaining Board Members for their dedication to their tasks, the attending of special meetings often at short notice and being available at call when required over the past twelve months.

Thanks so much too to both Hannah Meates and Ingrid Bellman, the two female members of the Board for their valued contribution and in general their overseeing and support for women's and girls cricket and the maintaining of a strong voice at Board level.

Finally, the Board has endeavoured to and intends to continue the focus of providing quality competitions and improving our standards both on and off the field.

It is also important to consider and be conscious of the playing enjoyment and healthy social activity through the sport for men, women and junior players and for all other people who are connected in some way with the game in our region.

Personally, I thank you all for your support over the past twelve months. It has been a privilege to have been appointed to the Presidents role for 2023-24 season.

I am keen to continue in this role and nominate for the next 12 months if elected. With that I wish all clubs every success for the season ahead.

Gordon McLeod

Gordon McLeod

GENERAL MANAGER'S REPORT

Thanks to all clubs, presidents and the WDCA executive for their counsel and support through season 2023-24.

It was a season of sweeping change, with a new competition management platform, PlayHQ, and our clubs acquitted themselves beautifully. It was pleasing to see so many clubs invested and determined to learn and show up to the sessions Cricket Victoria put in place.

With two years now in the role, the best method of operation has become clear as we move forward into a more professional landscape. Ultimately my focus going forward will be strictly operational, with a keen eye on attracting more participants, supporting clubs with administrative tasks, sponsorship, marketing, competition management (i.e. PlayHQ) and support our sub-committees (fixturing, restructure, women's and others as required) with their general operation.

I'm grateful for the relationships our clubs have been willing to build and understand their strength is the sport's strength across our region. Their efforts in getting teams up, putting on social events and navigating rules, sponsorship and participation are always appreciated.

We undertook to involve clubs as much as possible in decision making this time last year and this came to life through several president's meetings and forums. This approach will continue as the association seeks feedback from all to inform its decision making going forward.

Structurally, I'm hopeful the introduction of one-day cricket below Division 1 Premier and Championship will make cricket more accessible to all and ease selection pressures on coaches and clubs come Thursday nights.

Nick Ansell

Nick Ansell

WOMEN'S CRICKET REPORT

2023/24 has been yet another successful season of women's cricket. It's very exciting to see the competition growing each season.

The inclusion of Russells Creek and Mortlake has given more women the opportunity to become involved in the game, and see what women's cricket is all about.

So thank you to both of those clubs for their efforts in getting the women's teams up and running, and backing them throughout the season.

It was an incredibly close battle between the top 4 teams in particular all season, with Brierly triumphant in a nail biting end, chasing down Allansford Panmure with 5 balls to go in front of a large enthusiastic crowd at the Reid Oval. Congratulations to coach Matt McLeod and captain Carly Mittermair on the win, and a special mention to Grace Butters on an incredible performance with the bat.

Throughout the season we celebrated 29 retirements at 50, 650 4's, 24 6's and 360 wickets. That is in a 10 round season + 2 finals. These stats are a great showcase of what women in this area can bring to the game of cricket.

Our rep team, coached by Jason Elliott, had the chance to come up against Hamilton and Colac this year.

Warrnambool unfortunately fell short against Hamilton, but were able to redeem themselves in a beautiful performance at Warrion Reserve against Colac winning by 7 wickets. Shae DeFrancesco was the stand out player across both matches, and Rachel Sabo put on a great performance with the bat against Colac. I am looking forward to working towards building the women's representative cricket competition in the region.

Hannah Meates

Hannah Meates

REPRESENTATIVE CRICKET REPORT

This year's Melbourne Country Week (MCW) was a success and a disappointment all at the same time.

We had young players really put their hands up and excel during the week and we had some experienced stars who would've liked to perform better.

The successful players were Shannon Beks, opening the batting and Theo Opperman batting at number 3. Both players did a terrific job in their debut and both are future leaders of MCW. The way they both went about it was great and both spoke very well during team meetings. We were very impressed with both.

The star of the week clearly was Jacob Hetherington who batted very maturely and nearly, with the help of Joe Kenna (number 11) beat Ferntree Gully.

The pair had a 75+ run partnership which give us a respectable score considering the conditions. Unfortunately we fell 2 wickets short on what would have been a grand victory. Jacob also bowled very well when called upon. Also another future leader. Jacob polled 8 votes from a possible 9 for the week.

I thought our bowlers toiled away and did a fantastic job and learned from their day 1 mistakes. The biggest criticism was the extras. Next season we need to train with the Dukes ball as much as possible to help eliminate these problems.

Batting-wise we found it tough to build partnerships as a rule of thumb. Overall I give this year a pass. We got beaten by the two teams that participated in the grand final, although I do believe we were just as competitive as Ferntree Gully, which were all in the same side of the draw. We have come away knowing we are still in Provincial, learned a lot and are not that far away from being up the top.

REPRESENTATIVE CRICKET REPORT

It was suggested that we announce the MCW late October and have more trainings early in the season. I'm all for that, but come December through to Country Week there is a lot of cricket and I wonder if we would burn a few out.

Overall, we discovered some stars and I think we are heading in the right direction. Thanks to the players for their time and efforts during the week, all had to take a week from their holidays or time off work, much appreciated.

Thanks to the league for their support and watch out next year when we will be bigger, stronger and better prepared for MCW.

FINANCIALS

2023-24

The financial reports show a deficit for the financial year of \$4,061.07, which is a satisfactory outcome given the challenges of increasing costs.

Revenue increased by \$5,000 despite a reduction in sponsorship and grants. These were offset by increases in team levies, player contributions and interest from the investment of association reserves.

Expenditure increased by \$14,000, driven largely by increases in General Managers salary costs, accommodation, bus hire, player apparel and consultant's fees. The latter expense was funded by grant monies carried over from last financial year and accounts for the overall deficit.

The balance sheet remains strong with total equity of \$141,355, represented primarily by Cash at bank.
